The attorney-general's spinion, ad-ressed to Secretary Mott-Smith, says: I have the honor to acknowledge re-cept of yours of 14th inst., requesting my opinion on certain facts hereinaft; er stated, together with a protest dated October 12, 1912, from M. C. Pacheco, chairman Democratic Territorwaii against placing the names of H. A. Baldwin as a candidate for Senator and of John Wilcox, Edward Waiaholo, P. J. Goodness, A. F. Tavares Charles Makekau and George P. Cooke as candidates for representacandidates have not filed their nomination papers in accordance with Act 67 on the Session Laws of 1911."

The facts submitted to me are substantially as follows: token 5th, and were accompanied by a life with the best of the letter addressed to you by one S. E. have been unsuccessful in landing a Kalama, "Republican Campaign Manlarge consignment of prepared opium ager", dated Makawao. Maui. October

which the candidates propose to stand for election, they were deposited with you within the time prescribed by law, and each nomination was accompanied by a deposit of twenty-five doilars. None of the candidates stated by what political party they had been aominated or what their party affilia.

On account of your not being furnished with information regarding which political party had nominated these candidates, on whether they were non-partisan you refused to accept the authinations for filing, and wirelessed to such of the candidates names of all candidates for representative paking them do furnish the candidates eshing them to furnish you with this tives for such district who have been information; and referring them to duly nominated in the manner in this chapter provided, and shall contain no lewing day, you received the following wireless message from Wailuku,

respective offices of Senator and Re-Per P. M. S. S. China from Hong presentative in accordance with Act

Act 67 of the Session Laws of 1911. which amends Section 69 of the Re-Mrs. T. Matsumura and servant, vised Laws of Hawali, does not prescribe the method by which nominations of candidates to the Legislature shall be made, nor attempt to state what nomination papers shall contain. Such method is prescribed by Section 31 Revised Laws. By the provisions of Section 31, when not less than twenty-five duly qualified electors have nominated and requested a candidate in writing to run for the Legislature, and such nomination is deposited with the Secretary within the time prescribed together with the required deposit, it becomes the duty of the Secretary to receive serving on police court benet during such nomination and place it on file. Before the election the Secretary is

required by law at public expense to print the necessary ballots and Secers at his court upon a charge of tion 69 of the Revised Laws, as amended by Act 67 of the Sesison Laws of 1911, prescribes what the Secretary shall print on such ballots, yiz., the name or names of the person or persons to be voted for, the office or offices for and the District were caught in the act, and after a in which the election is being held, and the term or terms of the respective offices being voted for "and such candidate shall, at the time of filing his nomination papers, state by what political party he is nominated or his non-partisanship as the case may be in order that such party affiliation or non-partisanship may be printed on the ballot in front of the name of such candidate."

The purpose, then, of Section 69 is not to prescribe the method by which numinations are to be made; its purpose is to guide the Secretary in making up the official ballot, and while by Act 67 the candidate is required, at the time his nomination is filed; to state by what political party he is nominated, this has nothing to do with the method in which he shall be nominated or what his nomination papers shall contain. Such requirement in my opinion, is simply directory.

The requirements of Section 31 are mandatory and no person may stand for election who has not complied with 1912 Cadillac, A1 condition. Bar its terms, but the Legislature has not seen fit to prescribe a penalty for the failure of a candidate to state at the time of his nomination his postical
